

Product Overview:

The advanced technology of the LA-365 Rechargeable Lithium-ion Battery provides long battery life and quick recharge time. Cost savings over traditional batteries and the peace of mind of having fewer issues are a few important benefits that Lithium-ion batteries provide to users, while the reduced number of batteries going to the landfill is a key benefit to all. Compatible with Listen iDSP receivers and ListenPoint M1 Microphone / Media Interface.

Highlights:

- One (1) year warranty
- Less batteries in the landfill
- Compatible with Listen iDSP receivers
- Compatible with ListenPoint M1 Microphone / Media Interface

Includes: One (1) LA-365 Replacement Rechargeable Li-ion Battery

Product Specification: Replacement Rechargeable Li-ion Battery	
Power	
Battery Type	Lithium-ion NP60
Battery Charging Time	From discharged to fully charged in 2 - 2.5 hrs when used with iDSP receivers and 1-2 hrs when used with ListenPoint M1 Microphone
Battery Capacity	1200 mAh
Battery Voltage	3.7 V
Battery Cycle Life	3,750 - 4,700 Discharge Cycles @ 10% Depth of Discharge (DoD) before battery capacity drops to 70%, 2,000 - 2,500 @ 25% DOD, 1,200 - 1,500 @ 50% DoD, 300 - 500 @ 100% DoD
Battery Operating Time	Typically 8 - 9 hrs. when used with iDSP receivers and 6 - 8 hrs. when used with ListenPoint M1 Microphone
Physical	
Shipping Weight	1.0 lbs. (0.5 kg)
Weight	0.90 lbs. (25.4 g)
